REJOICING OVER STORM.

Ogden, Dec. 22.—Ogden was visited with the first snow storm of the season on Wednesday morning, a light fall continuing the greater part of the day. Merchants, particularly those dealing in winter clothing and rubber goods, were more than pleased at the change in the weather. The farmers have taken a brighter view of life from the promised moisture after so many months of absorption. moisture after so many months of absolute dryness and the snow elad mountains give assurance of sufficient water supply next season. Sanitary Inspector Moroni Poulter states that the spector Moroni Poulier states that the storm is of untold value to the health conditions in the city and that the at-mosphere will be cleared of disease garms which have thrived during the dry weather. The small boy has stopped wondering how Santa Claus will travel with his sleigh and reindeer and the community at large is delighted at the coming of the "beautiful."

POSTMASTERS MAKE REPLIES TO ALLEGATIONS

Ogden, Dec. 22.—In answer to the communication relative to the postal service between Salt Lake and Ogden, sent by the Weber club a few days ago Arthur L. Thomas, the Salt Lake post-master, and L. W. Shurtliff, the local postmaster, have sent replies to Presi-dent A. R. Heywood of the Weber club explaining the causes for the delays mentioned by the club.

According to these officials, the post-

office employes are not responsible for the failure of mail to be delivered on the failure of mail to be delivered on certain occasions within a few hours after it has been mailed. The postmast-ers aver that in many instances mes-senger boys, employed by banking in-stitutions and other business houses, do not drop the mail in the proper boxes at the postoffice and, as a result, more time is necessarily required in which to sort the letters, and often the mail which would have certainly been taken on an early train Ues over, because it is not discovered until too late.

The Commercial club committee investigated the matter and has submit-

ted the following report: 'Hon. A. R. Heywood, President Weber

A struction company for constructing a sewer on Academy avenue from Sixth South street, south to the First ward pasture, a distance of about three blocks, was received. The bid was \$6,572.50, work to be completed by April , 1911. Referred to the committee on ower and the engineer. The Telluride Power company pre-

sewer and the engineer.

The Telluride Power company presented a communication asking for extension of time till President L. L. Nunn arrives from California to settle the differences between the city and the company in the matter of the power company using city water at Olmsted. The request was granted.

The city attorney was directed to notify parties taking sand from city property at the waterworks reservoir site to settle for what they had handed and to arrange for further hauling.

The committee on streets and alleys reported adversely on the petition of W. D. Roberts, Jr., to be permitted to erect a sign on the Third West and Second South street sidewalk. Report adopted.

The same committee reported on the petition of B. H. Bower et al for a street from their property south of Third West sireet to connect with the city streets on the north side of the Union depot. The report was to the effect that the city could do nothing in the matter. The report was referred back to the committee to make further investigation.

A form of contract was adopted to be entered into between the city and owners of private sewers, who are permitted to connect with the city severs. It provides that the private sewers who are permitted to connect with the city sewers. It provides that the private sewers be kept in good condition, and the city held harnless from damages from defective private sewers.

The hoard of education presented a communication objecting to paying sewer and pavement assessments and citing the statute relieving school property from such assessment. Referred to the committee on sewer with instructions to ascertain the amount assessed against the schools so it can be remitted.

An ordinance was passed levying a tax on property in sewer district No. 12. The total amount of the tax is \$30,003.41.

IMPORTANT LAKE MEETING.

IMPORTANT LAKE MEETING.

Provo, Dec. 22.—The Utah Lake association held its annual meeting yesterday afternoon in the courthouse.

The annual report of the Utah county members of the Utah lake commission was presented, covering the labors of the commission for the year. The report stated that the lake level is now one foot below compromise point, or two feet lower than last year at this time. The question that received the most earnest consideration was that of the proposed dam to be built in the Jordan river by Salt Lake county and Salt Lake canal companies. The association had received notice that the Salt Lake interests proposed to build a dam, the sill of which will be at the same level as the sill of the present dam. This was strongly objected to for the reason that it would prevent the necessary outflow to relieve the lake of high water and would prevent the carrying away of sill and debris, thus further preventing the natural outflow of the water from the lake, and thereby injuriously affect the interests of Utah county land owners by causing overflow of their lands adjoining the lake. It was also claimed to be in violation of m agreement entered into with a committee of the Utah Lake association by the Salt Lake interests which was to the effect that the sill of the new dam should be 4 feet lower than the sill of the present dam.

A resolution was passed protesting strongly against the proposed level of the sill in the new dam should be 4 feet lower than the sill of the present dam.

A resolution was passed protesting strongly against the proposed level of the sill in the new dam and demanding that the agreement for a sill 4 feet lower be carried out. This resolution will be forwarded to the Salt Lake City.

It was the sense of the meeting that if the present intentions of the Salt Lake interests, in the matter of constructing the dam, be maintained, that action be taken to prevent the new dam from being constructed. taken to prevent the new dam from being constructed.

The present officers of the Utah Lake association, Andrew Knudsen, president; Joel A. Johnson, vice president, and E. S. Hinckley, secretary and treasurer, were re-elected.

J. E. Creer of Lake Shore, and A. B. Andersen of Leht, the present Utah county members of the Utah lake commission, were also re-elected.

BARBER SHOP AND CLOTHING STORE FIRE

(Special Correspondence.)

(Special Correspondence.)

Bountiful, Dec. 21.—Fire broke out in the tailor shop of Frank Yurka about 7 o'clock this morning and the building was totally destroyed. The fire made its way into the clothing store, also into an adjoining building of sed for a bowling alley and the latter is almost a total loss. The store, which is built of brick, was saved. The goods in the store, men's ready made goods in the store, men's ready made which is built of brick, was saved. The goods in the store, men's ready made clothing, were much damaged by smoke and water. The fire was first discovered by Fred Tadje, Mr. Yurka's brother-in-law, upon entering the building this morning to open for business. The alarm being viven, there was soon a large force of citizens on hand to render aid in extinguishing the flames and to prevent their spreading to other buildings. There being no wind at the time was much in favor of keeping the fire under confavor of keeping the fire under con-trol. The buildings and goods were fully insured.
